

Section 719.56 – Principal Permitted Uses in the Floodplain District

- A. The open space portion of any abutting use district, providing that no structure, other than atgrade parking, shall be provided.
- B. For residential districts, the flood plan may be used to compute density and, therefore, can be applied to yard and open space areas.
- C. Gardening, general farming, horticulture, forestry, or similar agricultural activity.
- D. Public and private open recreation areas, including parks, playgrounds, playfields, golf courses, and bridle paths.
