

## Section 719.95 – Exterior Lighting

- A. All outdoor lighting in all Use Districts used to light the general area of a specific site shall be shielded to reduce glare and shall be so arranged as to reflect lights away from all adjacent residential districts or adjacent residences.
- B. All outdoor lighting in all Use Districts shall be directed toward and confined to the ground areas of lawns or parking lots.
- C. All lighting in nonresidential districts used for the external illumination of buildings to feature said buildings shall be placed and shielded so as not to interfere with the vision of persons on adjacent highways or property.
- D. There shall be no flashing, oscillating, or intermittent type of illuminated sign or display in any residential district or within one hundred (100) feet of any residential district, street intersection, or railroad intersection with a street.
- E.
