

Section 719.107 – Glare and Radioactive Materials

Glare from any process (such as or similar to arc welding or acetylene torch cutting) that emits harmful ultraviolet rays shall be performed in such a manner as not to be seen from any point beyond the property line and as not to create a public nuisance or hazard along lot lines. Radioactive materials and waste, including electromagnetic radiation such as x-ray machine operation, shall not be emitted to exceed quantities established as safe by the U.S. Bureau of Standards when measured at the property line.
