

Our small bus operation is provided through a partnership with SMART bus & your local communities.

Services provided include:

- Transport of seniors and disabled persons
- Same day rides
- Medical transportation
- Daily shuttle service to Detroit Metro Airport
- Community recreational trips
- Rides for shopping and leisure activities

This service is funded by the SMART millage which will be on the upcoming general election ballot. This millage is a "renewal". Should the upcoming millage fail, there is no other revenue source.

SMALL BUS COMMUNITY TRANSIT WILL ABRUPTLY END.

This millage does not impact your local 911/Emergency Medical Service
